## BEAUTIFUL LIFE SOON ENDED

MRS. LOGAN R. HUGHES DIES AT  
HER HOME HERE ON SUN.  
DAY EVENING.

In the evening of a beautiful Sabbath day, the immortal spirit of Mrs. Annie T. Hughes, wife of Logan R. Hughes, returned to Him who gave it. She was taken in the pride of her young womanhood, her life a sacrifice on the altar of motherhood, but she went fearlessly and nobly, as a queen about to receive her crown, satisfied that all would be well. The knowledge that she was so well prepared to go and now sleeps so sweetly and peacefully forever free from all sorrow and care, softens somewhat the severity of the blow to the devoted husband and other loved ones to whom this anguish seems almost greater than they can bear.

The death of Mrs. Hughes has cast a shadow of sorrow over the whole community and its heartfelt sympathy goes out to the young husband and others of the family, who feel so deeply the loss they have sustained.

Coming here as a bride from her father's home in Mt. Vernon, a number of years ago she at once won a secure place in the affections of the people of Stanford and community by her loveliness of disposition and character, and other qualities of mind and heart which denoted the true woman. Her graces of person added to the general affection in which she was held and her death is indeed a loss to the happy little city as well as the severest of blows to her loved ones. A member of the Christian church since early childhood she lived her religion in her life and when the end came was ready for the summons to come up higher.

Mrs. Hughes underwent an operation, very delicate and dangerous, Saturday, this being the only chance for her. The spark of life in her unborn babe, had fled ere it saw the light of day, and the shock from the operation to the mother was very severe. Her weakened nature to withstand, and she followed the little one over the river soon afterward and has joined it on those golden shores where no suffering or sorrow is known.

Funeral services were conducted at the home on East Main street late Monday afternoon by her pastor, Rev. D. M. Walker. A canopy of beautiful flowers on the bier testified as a last tribute to the life and esteem in which this lovely young woman was held by all who knew her, and hundreds went to beautiful Buffalo Springs cemetery where the mortal remains were laid away to await the Resurrection Morn.

Mrs. Hughes was just 34 years of age. She was the daughter of Hon. Logan Thompson, of Mt. Vernon and in addition to him and her husband is survived by two sisters and two brothers.

## Impressive Services

AT ORATION OF REV. WILL  
HOPPER TO MINISTRY.

The ordination services of Rev. William Hopper, conducted at the Presbyterian church here Thursday afternoon, were most impressive ceremonies of the kind witnessed here in a number of years. The formal ceremony was conducted by Dr. E. M. Green of Danville, Rev. C. E. Blain of Hustonville, and Rev. Joseph H. Hopper, of Perryville, an uncle of the newly ordained minister. The ceremony was held in the active service of the Presbyterian church in Kentucky.

Dr. Green presided as moderator in the presence of Judge Denton, of Somerset, who was one of the presbytery to order at four o'clock Thursday afternoon. In the absence of the clerk, Rev. P. M. Price was chosen clerk for the occasion. The examination of Mr. Hopper was completed with after which he preached his pre-ordination sermon. A prayer was then taken until eight o'clock, when the presbytery formally ordained Mr. Hopper. After a very able sermon by Rev. C. E. Blain, the question was expounded to Mr. Hopper by Dr. Green, and then the venerable Dr. Hopper made the concluding prayer, a beautiful plea to the Most High, on behalf of his country, just entering the ministry of the Master, bringing tears to many eyes.

Rev. Hopper has accepted the call to the Burnside and Pugh churches in Pulaski county, before adjournment of the presbytery a commission was appointed to install him in those churches as regular pastor.

At Columbia, O., the jury returned a verdict of guilty against Sergeant at Arms Diegle, charged with having abetted the alleged bribing of State Senator L. R. Andrews.

## Eyes Injured

WHEN AUTO TIRE EXPLODED  
FULL IN HIS FACE.

W. W. Hays came very nearly losing the sight of both eyes when an inner tube on one of the tires of the Haysley & Hays automobile burst the other night while he was blowing it up. As a result of the accident, Mr. Hays had his eyes under treatment for several days and been compelled to wear glasses to protect them.

The automobile was Congressman Harvey Holm and a party of ladies with Mr. Hays driving, going the direction of the Lancaster pike, and Mr. Hays was working on the tire to repair it when the accident happened. It was working without a light, and the outer casing is believed to have been on loosely on one side, so that the inner tube managed to bulge out, and becoming too highly inflated popped, the full blast of compressed air hitting Mr. Hays squarely in the eyes as he bent over the tire. He was almost stunned by the shock but managed to recover in time to repair the leak and bring the car to town although relief parties had been sent out after his car.

## LINCOLN COUNTY GOES FOR FRANKS

REPUBLICAN CONVENTION, COM-  
POSED PRINCIPALLY OF NE-  
GROES, NAMES DELE-  
GATES.

The black and white admixture in color will make gray. In politics, Republicanism in convention, what, I pray? In medicine, the color scheme of black and white is queer. The diagnosis Saturday. Was plainly—the O'Rear.

The Lincoln County Republican Convention of 32 white men and 145 negroes, by actual count, Saturday afternoon, elected delegates to the republican state convention to be held at Louisville next Tuesday and instructed them to vote for Hon. E. T. Franks for Governor and second for Hon. W. H. Cox, for Governor, as long as their names shall be before the convention. Instructions were also given for the Lincoln county delegates to vote for Hon. L. W. Bethurum of Kockeast Kentucky, for the nomination for Auditor.

This convention showed beyond all doubt that republican party in Lincoln county is controlled by the colored voters, and that County Chairman, R. L. Davison, leading them, as he does, is completely in the saddle.

About sixty white republicans, who favored the nomination of Judge O'Rear seeing themselves outnumbered by two to one by the negroes, marked out of the convention in a body and held a short meeting afterwards, in the county court room and passed resolutions condemning the alleged packing of the convention.

Republicans began to come in early Saturday for the convention. Wagon loads of negroes came in from all sections, and as fast as they arrived they reported to Chairman Davison and were given instructions. As they filed into the court room, they were met at the stairs by George D. Florence, and assembled on the north side of the court room.

Many of the O'Rear men adopted white ribbon badges as their insignia, and they gathered on the south of the court room and seeing the overwhelming colored crowd on the north, got up and left in a body before the convention was called to order.

Chairman R. L. Davison called the convention to order promptly at half past one o'clock and called for nominations for chairman. Dr. W. F. Tariff, the well known colored educator placed in nomination Mayor A. B. Florence, which nomination was seconded by three other colored men, and he was elected chairman by a unanimous vote. T. J. Bell was nominated for Secretary, by Postmaster John A. Babin, of Hustonville, and chosen by acclamation.

Attorney George D. Florence's motion that the temporary organization be made permanent and that all committees be dispensed with was adopted without opposition, and then Dr. Davison offered the following resolution, which was adopted by a rousing vote.

**The Resolutions:**

Be it resolved by the Republican voters of Lincoln county, that they endorse the call for a convention to be held in the city of Louisville on Tuesday, July 14th, 1914, for the purpose of nominating republican candidates for Governor and other state offices, to be voted for at the coming November election.

That the administration of William Taft in National affairs and that of Augustus E. Wilson in this section, be most heartily and earnestly approved. We endorse United States Senator William O. Bradley, and are justly proud of the splendid record he has made. We endorse Judge L. L. Walker Judge of this district and urge him to become the republican candidate for judge in this district.

The following named persons be selected as delegates to the state convention to be held in Louisville on July 14th, for the purpose of nominating republican candidates for state offices, to be voted for at the coming November election, to wit:

Jones Anderson, Jas. Grubbs, Geo. D. Florence, Jeff Manning, Jeff Burleigh, W. D. Tariff, Prof. J. J. Green, John Kennedy, K. D. Noakes, H. H. Logan, G. W. Gentry, G. M. Davidson, James M. W. Willard, Corlier, Thos. Bell, Geo. R. L. Davison, John Blain, Geo. Armstrong.

And that said delegates vote as a unit upon all questions coming before said convention, and in the race for the nomination for governor, they are to be trusted to vote for Hon. E. T. Franks, as first choice, and Hon. W. H. Cox as second choice, so long as their names are before the convention.

We are confident that either of these men will lead the republican party to a triumphal victory in November and they are further instructed to vote for Judge L. W. Bethurum for Auditor of Public Accounts, and as to all other races will go uninstructed.

Upon the adoption of the resolutions, Dr. Davison secured the floor and delivered a ringing denunciation of those who had left the convention. He declared that he always favored negroes in the party out when the fight was brought to him he never dodged it. He declared that the republican party had principles to stand for without flying to the prohibitionists as it seemed some of them would have it do, who were favoring a man who had been going about the state advocating things which did not sound like republican doctrine to him. He said that those who had left had flouted the white flag of prohibition in the face of the convention, and while he admired a man who did not

drink, and they all knew that whisky was a bad thing, still the prohibitionists had a ticket and the democrats had a ticket and this was a republican convention and there was no use in injecting the prohibition question into it. He asserted further that the men who had left had endeavored to inject the race question into the convention, because they saw themselves outnumbered. Dr. Davison declared that those in the convention had fought with him in previous fights and he with them and he was glad to be found fighting with them again for the principles of the republican party.

At the conclusion, of the county state convention, a convention was called to name delegates to the Second district railroad convention which will be held in Louisville, immediately after the state convention, at which time a republican candidate for railroad commissioner will be named. The same delegates were named for the railroad convention and go instructed.

## SAY COMMITTEE PACKED CONVENTION

MANY WHITE REPUBLICANS  
LEAVE COUNTY CONVEN-  
TION AND ADOPT RESO-  
LUTIONS.

Over fifty of the leading white republicans of the county, disgusted with the packing of the regular county convention Saturday with negroes in the interest of Franks and Cox and against O'Rear, marched out of the court room, and held a short convention of their own in the county court room below. They adopted a strong resolution in which they condemned the Republican Committee for its hand in the affair, and adopted the following resolutions which were signed by those who had left the regular body. Some wanted a contesting delegation named and sent to the Louisville convention, but the leaders did not think that such action would avail much, so the convention merely passed resolutions and adjourned. From this action, it is apparent a bitter fight is on between the two republican factions in this county. Many of those who signed these resolutions declare that they will vote for McCrory over either Franks or Cox should either be nominated, while a large number of the leaders of the other faction declare they will not swallow O'Rear. The resolutions adopted are as follows:

Whereas, A Republican convention was called pursuant to the party rules and order on July the 8th, 1914, for the purpose of selecting delegates to the State convention to be held in Louisville Ky. on July 14th, 1914, and whereas said convention was packed by the use of money and other evil influences, and whereas we the undersigned Republicans of Lincoln County do not approve of the practice and conduct so indulged in and do most heartily condemn same and in order to show our disapproval thereof, do hereby now in public meeting assembled and in this public way denounce such conduct as unworthy of the party.

J. N. Menefee, Jr., T. B. Clinton, P. D. Colyer, T. C. Fulton, Emil Geisler, G. T. Lunsford, Brick Davis, Chas. Davis, Berry Howard, John King, W. R. Fulton, Jr., J. F. Shaw, Robert Martin, R. J. Blankenship, Leonard Martin, W. J. Martin, J. J. Corum, Elam Hoskins, S. T. Reynolds, J. T. Chadwick, Marcus Conley, Benjamin Howard, John Howard, W. M. Howard, E. D. Wilson, T. J. Smith, Grant North, F. W. Williams, F. F. Cummings, L. L. Sanders, W. D. Peters, H. B. Howard, J. B. Green, R. B. Bass, J. A. Hays, D. M. Payne, Garfield Howard, Benjamin Holtclaw, C. J. Simpson, R. T. Lunsford, P. M. McRoberts, B. B. King, C. S. Lyon, H. H. Collier, W. L. Stapleton, A. L. King.

A number of O'Rear men who left the regular convention declared that they would be heard from again; that this was but the first fight to be seen upon the control of the republican party in Lincoln county and they proposed to get the scalp of the bosses who have been running things, when the time comes to make up a new organization and elect a new committee.

Of course, this will be taken to mean that they are going after the scalp of County Chairman R. L. Davison and as "Doc" is no slouch himself when it comes to a scrap, the question is still unanswered as the L. J. goes to press, whether it will be as easy sailing as some say, to put the big steam-roller engine in the "hazy" class.

## LINCOLN COUNTY MAN SLAIN IN TENNESSEE

AND HIS SIXTEEN-YEAR-OLD SON  
IMMEDIATELY SHOT HIS  
FATHER'S MURDERER  
TO DEATH.

The arrival here last Tuesday of the body of William Clymer, for burial at his former home at Highland, disclosed news of a terrible tragedy which was enacted on the Fourth of July at Cripp, Tenn., a mining town near Harrison and where a number of Kentuckians are employed. Clymer had been shot and almost instantly killed by a miner, also from Kentucky George Glancey by name, whose body was brought to East Bernstadt, Laurel county, his former home, for burial, in an express car alongside that of Clymer. Thompson was shot and killed by Clymer's sixteen-year-old son, immediately after he had slain the father Clymer.

It appears that Clymer, who was a deputy sheriff of his county in Tennessee, and a man of considerable prominence there, gave a big picnic on the Fourth of July which was largely attended. Glancey was present and desired to dance with Clymer's daughter Minnie who refused to have anything to do with him. It is said that Glancey threatened to kill her if she would not dance with him, and when Clymer heard of the man's threats, he went to him about it to straighten matters out. Glancey renewed his threat to Clymer, it is said, whereupon Clymer drew his gun and threatened to kill Glancey. The latter it is said to have begged pitifully for his life, declaring that he was not armed, and begging for a chance.

Clymer, who was a game man, handed his weapon to a bystander and told Glancey that they would fight it out, fist and skull, in the good old-fashioned way. No sooner however, had Clymer disarmed himself than Glancey drew a couple of pistols out of his shirt bosom and shot Clymer dead almost in his tracks. He emptied both revolvers into Clymer's body and then started to run. Earnest the young son of Clymer who was standing near, immediately took his father's pistol, and running after Glancey shot him through the head and he died instantly. The young man was apprehended by other authorities but released and accompanied his father's remains here for burial.

The burial took place in the Highland cemetery after a prayer by C. M. Young. His aged mother Mrs. Jane Clymer, of Silver Creek, came to attend the funeral, and other friends were present to pay the last rites. Clymer left Lincoln county about 10 or 12 years ago, but was known to a great many who still live in the Highland section. His sister is the wife of Craig Baugh.

## JESSE BROCK HELD UNDER \$300 BOND

FOR SHOOTING JAMES BROCK TO  
DEATH—HIS BROTHER  
WOODSON IS DIS-  
CHARGED.

At the examining trial of the two Brock boys, charged with murdering James Brock early in the week, before County Judge James P. Bailey Friday morning, Woodson Brock was dismissed and Jesse Brock held over to await the action of the grand jury under \$300 bond.

The testimony at the trial showed that Jesse Brock had fired the shot which caused the death of James Brock. It seems that James and Woodson Brock were passing by the home of James Brock, when he asked them about reports which had been circulating, so he said, that he had tried to shoot them. The boys are said to have denied knowledge of the reports and Jesse is said to have remarked that he was not afraid of the old man shooting them at the same time attempting to pull a gun from his coat pocket with one hand, and backing off with his other arm held in front of his face.

James Brock is said to have remarked "don't put that thing out of your pocket," at the same time his gun out and fired at Jesse. The latter then got his gun out and shot James Brock in the stomach, which wound caused his death.

A number of different reports have circulated about the threats which were made, pro and con between the men, and it seems that there was very bad feeling existing between them, which the grand jury will be given full opportunity to probe.

**FOR REPRESENTATIVE**  
William H. Shanks announces his candidacy for Representative from Lincoln county, subject to the action of the Democratic party.

After the Lily-white had withdrawn from the negro-packed convention on Saturday, the chairman of the Republican County Committee, when the scheduled program had been accomplished, by a wave of the hand, delayed the adjournment until he relieved himself by the administration of an oratorical castigation of those who had quietly vanquished the meeting. In the heat of his eloquence, he employed the classic phrase:

"Lay on, Macduff;  
And damned be he that first cries:  
'Hold, enough.'"

But the doughty Doctor had not correctly read the political horoscope of him whom he opposed, for before the vaunting challenge of Macbeth had quit his lips:

"Great Birnam wood to high Dunsinane hill  
Had come against him."

One hundred and nineteen counties had spoken, O'Rear had swept the state, and the lion-hearted chairman and his dusky cohorts had got it where the chicken got the ax.

Kentucky needs good roads and should have them; but the next general assembly should look narrowly into the systems which may be proposed. It will no doubt be seen from a careful inspection that the most prominent features discernable to the naked eye, will be an enormous tax and numerous high-salaried officials; and that chief among these, who champion these measures, are certain fellows who expect to fill these offices, as a reward for their many sacrifices of time and labor in putting the bills through.

It is reported that Ruby Laffoon lost his race for Auditor in the First Congressional District by the report down there that he had promised to name Mott Ayers Fire Marshal. Of course that was enough to defeat the best man in the State—Elizabeth-town News.

A report that Laffoon would also appoint Henry Prewitt Insurance commissioner cost him many votes in this county.

Editor Perry, of the Winchester Sun-Sentinel says: "The preachers should take a rest. It is too hot to go to church." Seems to us that if the preachers did take a rest, most of us would be heading toward a hotter place than church.

### OLLIE JAMES—SENATOR.

(Byron's Commoner)  
The withdrawal of Senator Paynter from the senatorial race left Congress man Ollie James victor without a contest. The Commoner congratulates James. He deserves the place. He has brains, conscience and courage. He can not be fooled; he can not be bribed and he cannot be frightened. He is just the kind of man needed in the Senate to oppose the schemes of the undemocratic demagogues who have been robbing the party of its vitality in the senate. James came into national prominence in 1896 and has grown ever since. The democratic party of the nation can afford to run up the flag and celebrate for several days when James—strength to his arm.

### WE'RE FOR HIM

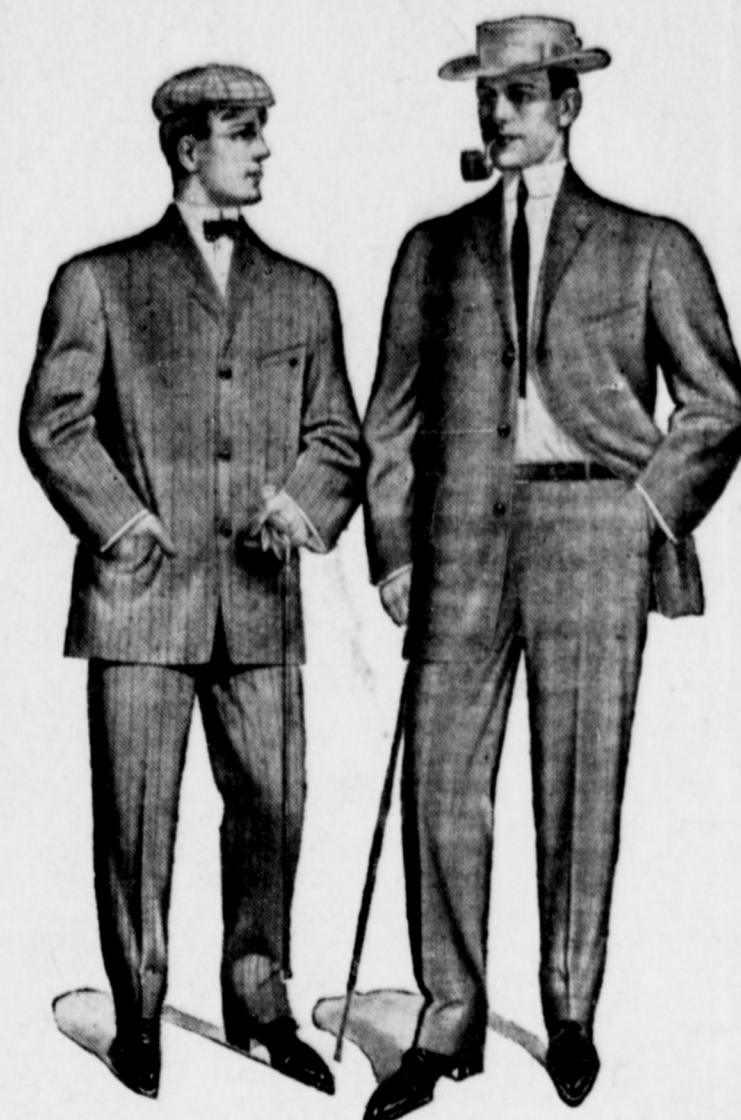

We lean that editor Green Clay Walker, of the Lancaster Record, will shy his castor into the political ring and offer as a candidate for county attorney in Garrard at the next election. Mr. Walker who is an able lawyer is very popular in his county and anyone defeating him will have to go some. He is a dyed-in-the-wool democrat and in every way fitted for the place. He is a brother of Circuit Judge Lewis L. Walker—Danville Messenger.

The jury in the Supreme Court placed \$10,000 as the value of a hog in the case of J. B. Debow, of Nashville, Tenn., against the Vicksburg Shreveport & Pacific railroad last Saturday. The hog was "Premier Longhorn's Rival," a pedigree porker, killed in a railroad accident, on which the railroad placed the valuation at \$20,000. The animal was 9 feet long 2 feet high and weighed over 1,000 pounds.

Official estimates of the 1911 corn crop indicate that it will be approximately 14,425,000 bales of 500 pounds each, the largest in the history of the country.

Mesquites never get but a few yards away from their hatching place unless blown by the wind. If you have an open rain barrel or other water about your place it will make a fine breeding place for the wicked little buzzers, but a very small amount of coal oil poured on the water will stop them as readily as if you had out every egg. On a rain barrel 2 or 3 drops of oil are necessary. On a large hole of water or a small pond it may take several spoonful.

**HONEST MEDICINES VERSUS FAKES.**

President Taft's recent message suggesting an amendment to the Pure Food and Drug law in relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs and affections of the throat, chest, coughs, colds and affections of the throat, chest and lung for children and for grown persons, and it retains to day its pre-eminence and Foley Kidney Pills are equally above all other preparations if effective and meritorious.

## OWES HER HEALTH

### To Lydia E. Pinkham's Vegetable Compound

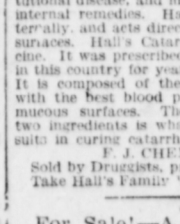

Scottville, Mich.--"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sensitive Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for here if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her.

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."

--Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

The Lexington Herald says: "Cattle are advancing and a July and August basis of \$7 for the finished product is indicated. This is good news to Central Kentucky cattle feeders as there are yet a large number of exporters in the hands of producers. Hogs are going up and the lamb market has recovered from the loss of one and two weeks ago."

Emmett Hayes, a farmer of Daviess county who raised something like 4,000 bushels of wheat this year, has made a record that will no doubt stand for many years. He cut his wheat at 9 a. m., threshed it off at 11 a. m., delivered it to the mill at 3 p. m., it was ground to flour at 5 p. m., and Hayes ate breakfast at 8 p. m. made of the wheat cut at 9 a. m. This was the first delivery of the year and was said to have been the earliest delivery made in that section for years.

Keep some kind of a crop growing in the garden all the season. If nothing else is done sow wheat or rye on the vacant places to keep weeds from springing up and maturing seed. Weeds ripen in a very short time, if they are allowed to grow.

The Lexington Herald says: The well known horse in which Senator R. L. Hubble of Lincoln county has a part ownership, the premium equine known as "Mack Eubanks", putted down first money at the Latona race course. The event was the first race Eubanks beating Cynosare and Robert Time 54:3-5. The horse is the joint property of Colonel D. N. Pruitt, Mr. Eubanks and Senator Hubble all of this section, and is a two-year-old of which its owners expect a great record in the racing world.

James B. Hagin owner of the famous Elmendorf estate, at Lexington, Ky., has recently purchased through his agent, Mr. Charles Berryman, 95 acres more to the 10,000 acres he now owns in one body. This is more blue grass land than is owned by any other individual. Until recently this farm has been the largest thoroughbred nursery in the world and still retains a few great sires and brood mares. They have a herd of short horns that number over 200 that is second to none. Their dairy establishment and herd of Jerseys, both in quality and numbers is first in the land.

A press report from Frankfort says: "So serious was the recent drought in Central Kentucky that reports received by Commissioner of Agriculture Franklin are that the White Burley tobacco crop of 1911 will be cut to less than 7 per cent of the crop of 1910. From a member of the Board of Control of the Franklin county branch of the Burley Tobacco Society, it was learned that growers, encouraged by

the short crop, will try to pool the crop of 1911. Solicitors who helped pool the tobacco crops in former years are being paid at the rate of \$1 per acre pooled."

## Mother Of Lud Evans

PASSES AWAY IN DANVILLE AT  
RIPE OLD AGE.

Mrs. Mary McEne Evans died at her home on Maple Avenue yesterday morning and the passing of this good and noble woman caused deep grief in many Danville homes. She was in the 83rd year and since her early girlhood, had been a conscientious member of the church. Her funeral services will be held tomorrow (Saturday) afternoon at 4 o'clock at the home on Maple Ave., and will be conducted by Rev. J. H. Green. Mrs. Evans was the widow of Dr. William Evans, beloved of Danville people but who long since passed to his reward. Before she married she was Mary McEne, of Mercer county. Her children were two daughters, both dead, and two sons, both living. The daughters were Mrs. Charles Worthington two of whose charming daughters lived with their grandmother and Mrs. John Robinson, of Harrodsburg whose daughter, Mrs. Robert C. Sautley, of Parker, Arizona, was with her grandmother at the time of her death.

Her sons are Lud Evans, of Hustonville and Andrew Evans, a judge in Kansas City. Judge Evans will arrive in Danville to-night.—Danville Messenger.

## To Dam Dix River

IS PLAN PROPOSED BY BOSTON  
CAPITALISTS.

A dispatch from Danville says: The syndicate of Boston capitalists who have been making a daily gaugage of Dix river at Kennedy's mill for the past two years has just made public the result of its investigations. The constant power of the stream is 6,000 horsepower often the power is very much greater, but the figures above show the dry weather extremely favorable.

Plans have been drawn for a dam to be erected of steel and concrete a mile above the mill. It is to be 110 feet high and will therefore create a reservoir extending miles up stream and embodying billions of gallons of water. Beneath the dam will be located the monster power plant, which will operate electric lights and other plants in Richmond, Harrodsburg, Stanford, Lancaster, Danville and Nicholasville, provided the plans on foot are fully consummated.

The estimated cost of the plant is \$1,250,000. In the event the power dam is erected water held by it would doubtless submerge both of the huge dams owned by the Danville Waterworks System. Charles Kennedy is in charge of the gaugage.
